Profile Summary

UI/UX Designer & Frontend Developer with 2.5+ years of experience designing and developing user-centered web and mobile products for SaaS, web applications, mobile applications, and digital platforms. Skilled in user research, user flows, wireframing, prototyping, design systems, usability testing, and frontend development using HTML, CSS, JavaScript, TypeScript, and React. Passionate about creating accessible, scalable, and user-centered experiences that balance business goals with usability.

Work Experience

BLOCKATENA LLP | Co-Founder & Designated Partner

UI/UX Designer & Frontend Developer | July 2023 - Dec 2025

- Designed and delivered responsive web and mobile interfaces for SaaS, Web3, and digital products using user-centered design principles.
- Created user journeys, wireframes, interactive prototypes, and high-fidelity designs in Figma.
- Developed and maintained scalable design systems and reusable UI components to improve consistency across products.
- Conducted usability testing and user research to identify pain points and improve task completion rates.
- Collaborated closely with developers, product managers, and stakeholders throughout the design lifecycle.
- Converted approved designs into responsive frontend interfaces using HTML, CSS, JavaScript, TypeScript, and React.js.
- Ensured accessibility, responsiveness, and cross-device compatibility across digital products.

Graphic Designer | Oct 2022 - May 2023

- Designed marketing assets, social media creatives, branding materials, and promotional campaigns for clients.
- Maintained brand consistency across digital and print media.
- Assisted in creating visual identities, logos, and marketing collateral.
- Collaborated with cross-functional teams to deliver creative solutions aligned with business goals.

Key Skills

- UI/UX:** User Research, User Interviews, Personas, User Flows, Information Architecture, Wireframing, Prototyping, Interaction Design, Usability Testing, Accessibility, Design Systems, Responsive UI, High-Fidelity UI, Responsive Web & Mobile Design, UI Optimization
- UI Design:** Visual Design, Typography, Color Systems, Responsive Design, Component Libraries
- Frontend:** HTML5, CSS3, JavaScript, TypeScript, React.js, Tailwind CSS, Bootstrap, CSS Animations, Responsive Frontend Development, Cross-Browser Compatibility, Git/GitHub, Basic SEO & Web Performance Optimization
- Tools:** Figma, Photoshop, Adobe XD, Illustrator, Canva, InDesign, Sketch, InVision, Blender, Webflow, Framer
- Workflow:** Agile/Scrum, Developer Handoff, Cross-functional Collaboration, Design Systems, Design Thinking, Responsive & Cross-Platform Design.

Projects

Landing Page & Multi-Page SaaS UI – Web3 Learning Platform (Web & Mobile)

- Designed end-to-end UI/UX for a Web3 education platform, including landing pages, course listings, content modules, progress tracking dashboards, and responsive mobile experiences.
- Built a scalable dark-theme design system with reusable components, ensuring visual consistency and efficient design workflows.
- Applied modern UI patterns, usability principles, accessibility standards, and responsive design best practices across desktop and mobile platforms.
- Created wireframes, user flows, and high-fidelity interfaces to improve content discoverability and learning engagement.
- Tools: Figma, Adobe Illustrator, Canva.

Movie Ticket Booking App – Mobile UI/UX

- Designed an end-to-end mobile movie ticket booking experience, including movie discovery, seat selection, checkout, payment, and QR-based ticket confirmation.
- Created intuitive booking and confirmation flows to minimize user errors and streamline high-intent actions.
- Developed user flows, wireframes, and high-fidelity mobile interfaces focused on usability, accessibility, and seamless navigation.
- Applied visual hierarchy, clear information architecture, and interaction design principles to improve the overall booking experience.
- Tools: Figma, Photoshop.

SkyFly – Flight Booking Mobile App UI/UX Design

- Designed an end-to-end flight booking experience, including flight search, filtering, seat selection, passenger details, payment, and booking confirmation.
- Created user flows, wireframes, and high-fidelity mobile interfaces focused on accessibility, intuitive interactions, and seamless navigation.
- Applied information architecture and interaction design principles to simplify booking workflows and enhance the user experience.
- Built a scalable design system with reusable components to maintain consistency across the application.
- Tools: Figma, Photoshop.

Certification

UI/UX Design - Loop¹¹, Udemy, Online | Jan 2026

Figma - Vapa Academy, Udemy, Online | July - Nov 2025

Adobe Illustrator - Learn Tech Plus, Udemy, Online | August 2021

Full Stack Web Design & Development - Internship Studio

Advanced Data Science - IANT Institute, Offline | Sept 2024 - April 2025

Cyber Security Specialist - IANT Institute, Offline | Sept 2024 - April 2025

Education

Pune University (SPPU)

JSPM's BSIOTR, Pune | 2020 - 2023

Bachelor of Engineering in Computer Science | 8.35 CGPA

MSBTE BOARD

D. Y. Patil, Polytechnic, Pune | 2017 - 2020

Diploma in Computer Engineering | 84.40 %
